## RS Class Association Coach Registration

The RS Class Association run training and coaching events for our members and get asked to recommend coaches for club run events. Coaching ranges from introduction to the boat and basic boat handling to race coaching, 1-1 coaching and Nationals preparation.

We are updating our database of coaches and are keen to establish links with coaches across the UK. It is not always necessary to hold a coaching qualification, and registration with us does not indicate a definite commitment on either side. Please complete the form below to be included.
